

Look, Say, Sing, Play Resources

If you support families in Birmingham, you can collect physical resources from Children's Centres across Birmingham, which include [flashcards](#), [leaflets](#), [posters](#) and [display packs](#).

Please arrange to collect from one of the venues below if you're able to use these for the parents and families you support – it would be great to have the resources being used by settings to support families rather than taking up valuable storage space in the children's centres. There's no set limit on how many resources can be used, so please do collect as many as you'd find helpful while they're still available.
